

TAMAR LEAGUE

Here is the Tamar League for the last season – end of Summer 2006 to start of Summer 2007. Apologies for the delay in production but the usual compiler has been snowed under with work (he tells me) so I've created it from scratch over the last few weeks – sorry it's late. If you think I've missed you off – remember you have to had completed 3 events from the other club – and as I only managed 2 DEVON events myself that's why I'm not listed. Must try harder this next season.
