

TAMAR LEAGUE 2007 TO 2008

This is the final report from the league compiler for this season; after DEVON's event at Ashclyst Forest on the 6th July.

To appear in the *final* table competitors from one club must complete at least three events from their neighbouring club. While the whole number of events from the two clubs was actually 16 it will then be the best 9 (half the number then rounded up by 1) scores that count in the final table. Planners, Controllers and Organisers who haven't had a run at the event at which they officiated have their average scores included in the calculation.

If you notice any errors please contact your club webmaster who'll pass on the comments.
